CHAIRMAN'S MESSAGE

DR. NARENDRA SINGH

Chairman and Director General
M.tech (IIT Delhi), Ph.D (IIT Delhi), Post Doc. (U.K)

It is my privilege to greet you on behalf of WCTM. We believe that excellence in education is achieved when it is student oriented and delivered with scientific and creative teaching approaches by skilled professors who love their subjects and their students. Students cannot become gems until they are polished by good teachers. Dedicated and effective teachers are harbingers of good education. Keeping this in mind, we always look for excellent faculty and infrastructure. Academic Excellence, Holistic Education, Global Relevance and Values continue to be the corner stones of WCTM. We are deeply entrenched in the process of building an academic culture that is based on the norms of merit based advancement and putting structures in place that would help build and sustain top-quality programs. We continue to pump in additional resources (like more high-tech labs, advancement in library & workshop equipment etc.) that are needed to create an outstanding institution. We are aware that building a world-class institute is a gradual and painstaking process but, the journey to excellence is well and truly on its way.

Dr. Narendra Singh was born in a prominent family of Bharatpur (Rajasthan) in village Pidawali in June, 1961. He completed his education with M.S, M.Tech and Ph.D from Indian Institute of Technology, Delhi. He has carried out his post doctoral studies from University of Leeds, England. He has vast experience of Technical Education in Universities of America, Austria & Australia. Dr. Singh has been associated with promotion of Quality Technical Education in the country. He has also worked on various aspects of promotion & utilization of various sources of energy.

TRUSTEE'S MESSAGE

DR. RITU SINGH

Trustee

Ph.D (IIT Delhi), Post Doc. (University of Leeds, England)

I extend my heartiest welcome to all brilliant and ambitious young students who have enthusiastically opted for a commendable career in the field of engineering and management. WCTM earnestly endeavours to strive in educating and training the future engineers, technologists and managers. The global economic order, the rapid rate of technological advancement, the information revolution, all have opened multifaceted challenges as well as opportunities for the engineers of this millennium. We aim to impart benefiting knowledge to the aspiring students of engineering and management so as to develop their overall personality and transform them into well trained technological personnel. This enables them to take on the challenges in personal and professional life. We constantly review our programmes to update and improve while making sure that students gain thinking skills, analytical frameworks, interpersonal and communication skills which will be advantageous to them in the future. Besides the state-of-art infrastructure, college has modern well equipped laboratories, classrooms, e-library, workshops etc, we are well on our way towards providing education in a variety of disciplines.

Dr. Ritu Singh has completed her Ph.D from Indian Institute of Technology, Delhi. Further she worked for two years with IIT, Delhi. Thereafter, she did her Post Doctorate from University of Leeds, UK under Nehru Centenary British Fellowship programme of Govt. of India and Govt. of UK. The past few years she has been associated with a number of technical institutes in India and abroad.

MANAGING TRUSTEE

KUNWAR NISHANT SINGH

Managing Trustee

I welcome the new students with gratifying pleasure and exuberance to the world of academic excellence at WCTM. Mandate of the college is to elevate the youth of today towards building a bright and promising career, contributing positively to the nation. WCTM has fine-tuned an evitable balance between academic knowledge and practical exposure with industry integrated approach. Our college aims to implant deep social, economic and cultural roots that can pay dividends in future. As the students enter WCTM, we chisel and polish potential of students, directing them towards a focused career. My heart beams with pride to see our alumnus leading from front in this fiercely competitive world. We don't believe sitting on past laurels. Every new batch is received with a drive and passion to conquer. Faculty members keep reinventing themselves to incorporate research undertaken in their respective fields with the prescribed teaching. The infrastructure and teaching facilities are a manifestation of exemplary sharpness and hard work with clear vision for success. We feel that every WCTMian will be a part of us and we will be a part of them for life.

I congratulate each student here for making the right choice by joining us on our journey to excellence.

Kunwar Nishant Singh has completed his MS Engineering and Management, King's College, University of London, UK. For past few years he has been associated with World College of Technology and Management. He is on the Board of Advisory Committee of RIET, Jaipur RCEW, Jaipur RPC, Jaipur KITE, Jaipur, CGI, Bharatpur (Rajasthan).

A person of words, Kunwar Nishant Singh believes in and lives by the precept, 'Actions speak louder than words.'

A WORLD FULL OF OPPORTUNITIES AWAITS YOU

Committed to set new benchmarks in innovation to maintain our edge over others

World College of Technology and Management (WCTM) is established with the sole motive of developing an intellectually invigorating environment by imparting quality education in the field of technology and management since its inception in 2007. WCTM is located across 18 acres amidst a lush green environment of National Capital Region (NCR). WCTM was established by Amma Chandravati Educational & Charitable Trust. At WCTM, we focus on establishing global leadership by developing young talent with intellectual technologies and applications which further contributes to technical development of society on national and international levels in the field of technology and management. We aim to impart inclusive knowledge about principles of engineering and management skills with a multi-disciplinary approach to develop proficient human resources for offering services to society.

POLICY

"To develop balanced students who can work productively under difficult business and economic conditions and to create young productive and efficient professionals with the motto "THINK SMART, WORK SMART".
"When the going gets tough, the tough gets going."

VISION

We strive to develop as an institution of excellence in technical education & research to produce skilled and trained manpower of the highest quality imbining traditional cultural values to meet the growing technological & socio-economic needs of our nation & the world at large.

MISSION

To develop high quality technical education institution with emphasis on technical academic excellence, innovative research & development programmes with core human values. The guiding philosophy of the institution is to develop a unique culture that instils responsibility and accountability in partnership with various stakeholders such as parents, society, business and education community.

GOAL

- Preparing all students for successful careers based on a strong moral and ethical foundation.
- To enable the students to develop their own abilities and talents and discover their teaming potential to the fullest by providing them the guidance of highly qualified and dedicated faculty.
- To be an academic institution in dynamic equilibrium with its social, ecological and economic environment striving continuously for excellence in education, research and technological service to the nation.
- Creating a work culture where teacher enjoys facilitation and learner enjoys learning for Research & Development as well as takes initiatives.

ACCREDITATION & CERTIFICATION

- ALL INDIA COUNCIL OF TECHNICAL EDUCATION (AICTE), GOVT OF INDIA(The statutory body established for proper planning & Co-ordinated development of technical education system through out the Country)
- PERMANENT AFFILIATION With Maharshi Dayanand University (MDU), Rohtak, GOVT OF HARYANA
- ISO 9001 :2000

FACILITIES & INFRASTRUCTURE

Library : Stocked with over 30,000 books, periodicals, references, journals, CD-ROMs covering all aspects of academic studies and research material

Wifi : 1 gbps wifi facility for day scholars and as well for hostel students

NVIDIA & DELL -AI Data Science & GPU Computing Centre Of Excellence

Intel® Unnati AI Centre of Excellence : Only College in Gurgaon with Intel® Unnati AI centre of Excellence

Apple iOS Centre of excellence : 1st College in Gurgaon with Apple iOS Centre of excellence

ABB Robotics Arm: Only College in Gurgaon with Robotics and AI Center of Excellence.

HP- Ultra 7 : Most Latest AI Computers in the world

AI Cyber Cure Centre of Excellence

Digital Fab Lab: 3D printing

HP Intel System : with latest state of the art i7 13th generation configuration

500 seater State of art Auditorium

TCS ION : TCS Learning Centre

Panasonic Centre of Excellence

IPR Cell

Nescafe : Available in the campus at reasonable prices

Cafeteria: Healthy & delicious food with special delicacies for each day are available in the canteen at reasonable prices.

Transport : All important destinations in Delhi & Haryana are covered by AC buses.

Mess : The mess can accommodate over 100 students at a time

Security : Guard are present 24 Hours in shift to ensure maximum security for all.

Sports :

- Basket Ball court of standard size
- A very spacious and well maintained Cricket and Football Ground
- Badminton Court with flood lights
- Volley Ball Court
- Indoor games like Table Tennis, Carom, Chess, Ludo etc.
- Outdoor games like WPL, WBL, WV, WBTL, WTL, WFL WKHL.

E-Sports :

- BGMI Mobile
- Clash of Clans
- Rocket League
- Smash Karts

Hostel: The hostel has separate accommodation for boys & girls having 500 students in boys and 200 students in girls hostel.

Facilities

- Round the clock security system, 100% power back-up & RO System.
- Air-cooled separate girls and boys hostel with beds & curtains.
- 18 acre lush green campus.
- Wi Fi campus for day scholars and as well as for hostel students.
- Resident Wardens and Resident faculty.
- Good quality, nutritious food.
- Geysers and water filters.
- TV Room for socialising.
- Uninterrupted electric and water supply.
- Spacious dining, common room, sports facilities.
- Green campus, Solar panel, Solar water heater, Green Sewage Treatment Plant.

Life At Campus: Special events on all occasions/festivals for all students and specially for hostellers

COURSES IN NEW / EMERGING FIELDS

WCTM introduces AICTE approved B.Tech, M.Tech and Diploma Courses in New and Emerging Fields which are not available at any other college. These streams hedge the gap between Industry and College providing students a superior competitive edge not only during the Placement process but also for life. These courses have been especially curated to meet the demands of the fast changing industry.

UG - B.Tech - 4 Years

- Computer Science Engineering (CSE)
- Artificial Intelligence and Data Science (AI & DS)
- Artificial Intelligence and Machine Learning (AI & ML)
- Computer Science and Design (CSD)
- Mechanical and Automation Engg (MAE)
- Robotics and Artificial Intelligence (RAI)

PG - M.Tech - 2 Years

- Civil Engineering (Computer Aided Structural Engineering)
- Artificial Intelligence and Data Science (AI & DS)

Diploma in Engineering - 3 Years

- Agricultural Engg
- Automation and Robotics

B. TECH

- Computer Science Engineering (CSE)
- Artificial Intelligence and Data Science (AI & DS)
- Artificial Intelligence and Machine Learning (AI & ML)
- Computer Science and Design (CSD)
- Robotics and Artificial Intelligence (RAI)

Department Of Computer Science Engineering

- Enable students to become the best Software Engineer.
- Integrate and apply efficiently the contemporary IT tools to all computer applications
- Developing practical skills in the field of Application S/W, System Engineering, Networking System Development and Databases
- Enable the students to have a holistic & all-around grooming to become a thorough professional in the field of IT
- Course provide a wide exposure to computerization and invoke the research skill to design, interpret and make inferences from the resulting data
- Faculty with Industry Experience
- Industry based training in collaboration with certified trainers such as NIIT in Python, Dot net, AI, IoT and many more.
- Gain knowledge from the faculty who have trained students who now work at Google , Microsoft, Wipro and many other best companies in the World.
- Industry based training in final semester for maximum corporate exposure.

Labs: NVIDIA-DELL Lab, HP-Ultra 7 Computers Lab, AI Intel® Unnati Lab, ABB Robotic Arm Lab, Apple iOS Lab, AI Cyber Cure, Digital Fab Lab- 3D printing, HP Intel System with latest state of the art i7 13th generation configuration, Panasonic Automation Lab, TCS iON Lab, Data Structure Lab, Software Engineering Lab, Operating System Lab, Software Testing & Validation Lab, Python Lab, IOT Lab, AI Lab, Language Lab

Department Of Civil Engineering

- Highly qualified, experienced and technically sound faculty members.
- Industry visit to get first hand experience.
- Collaboration with certified CAD centre, company design training in PLC/ SCADA and AutoCAD.
- Grooming for Government Jobs
- ISO certified instruments in various well-equipped laboratories
- Versatile curriculum with diversity from Geotechnical sciences to structural engineering, Environmental to hydraulics, transportation to hydrology
- Industry based training in final semester for maximum corporate exposure.

Labs: Surveying Lab, Structure analysis lab, Fluid mechanics, Transportation Engineering, Concrete Laboratory, Soil Mechanics, Engg. Geology, Enviromental Engg., Autocad Lab, Geotech Lab

Department Of Mechanical Engineering

- Mechanical and Automation Engg (MAE)
- Mechanical Engineering (ME)

- Panasonic Centre of Excellence for industrialised automation learning.
- Industry institution co-sponsored training in solidworks PLC/SCADA automation.
- Industry based learning
- Providing opportunities in the private, government sectors and PSUs like GAIL, SAIL, ONGC, Railways, NTPC etc.
- Excellent opportunities in the fields like power generation oil exploration, marine, ship building, heavy industry, steel and cement industry.
- Well equipped with state of the art laboratories with an emphasis on the practical aspects of engineering training.
- Industry based training in final semester for maximum corporate exposure.

Labs: 8000sq ft. of Mechanical Engineering Workshop, Basics of Mechanical Engineering Lab, Engineering Graphics and Drawing Lab, Fluid Mechanics and Fluid Machinery Lab, Engineering Mechanics Lab, Material Science & Computer Aided Design and Manufacturing Lab, Strength of Material Lab, Kinematics and Dynamics of Machines Lab, Heat Transfer Lab, Automobile Engineering Lab, Refrigeration and Air Conditioning Lab, Steam & Power Generation Lab, IC Engine & Gas Turbine Lab Mechanical Engineering is a diverse field that drives its breadth from the everything from small individual parts to large systems, Panasonic Centre of Excellence.

M.TECH (CSE, AI & DS)

Department Of Computer Science Engineering

- LAN connected AC Lab for all day research.
- State of the art computer systems configured with Intel i7 processors.
- Add value for getting much better quality jobs.
- Cutting edge research
- Air-conditioned computer labs connected with servers, UPS and printers
- Multimedia packages MSDN packages, graphic packages Visual Tools and DTP packages are available
- 100 MBPS Broadband connectivity

Labs: CNC Lab, Apple iOS Lab, Panasonic Lab, TCS ION Lab, Object Oriented Programming Lab, Internet Lab, Data Structure Lab, Operating system Lab, software Computing Lab, Intelligent System Lab, Research Lab.

Department Of Mechanical Engineering

- Deep understanding of mechanics, kinematics, thermodynamics, materials science, structural analysis, and electricity.
- Computer-aided engineering and product lifecycle management to design and analyze manufacturing plants, industrial equipment and machinery, heating and cooling systems, transport systems, aircraft, watercraft, robotics, medical devices, and others.
- Well-equipped laboratories to give students sufficient exposure to practical works compatible with the classroom learning and through workshop exercise.
- Makes you more Industry specialized.

Labs: CNC Lab, Panasonic Centre for automation, Micro Machining Lab, I.C. Engine Lab, CAD & CAM Lab, Mechatronics Lab, Advanced Welding Lab, Tribology and Maintenance Engineering Lab, Panasonic Centre of Excellence.

Department Of Civil Engineering

- Providing high quality engineers needed by Institutions.
- Producing high quality technical manpower needed by industry, R&D organizations, and academic institutions.
- Training in administrative and supervisory skills to work in power plants, irrigation canals, dams, shipping canals, river navigation, water works, transmission towers, industrial plants, rail-roads, bridges, highways and even sewage systems.
- Faculty members involved in high quality research and consultancy activities.
- Add value in Government jobs as well.

Civil Engineering Computer Aided Structural Engg.

Labs: CNC Lab, Surveying Lab, Structure analysis lab, Fluid mechanics and Hydraulic Engineering Laboratory, Concrete Laboratory, Soil Mechanics, Transportation Engineering

BUSINESS ADMINISTRATION

Bachelor's of Business Administration (BBA)

- In class and out of class management activities.
- Hands on managerial summer training.
- Personality development and overall grooming.
- All faculties with industry related experience
- Three year bachelor degree course consisting of 6 semesters
- Extensive classroom teaching, inculcation of overall personality characteristics and live projects and case studies, related to the course curriculum emphasizing on political, social, legal, technological & environmental issues on global business world
- Programme designed to impart value based education and to ensure that aspirants develop skills and knowledge base

Master's of Business Administration (MBA)

Two year master degree course consisting of 4 semesters.

The objective of the programme is to impart management education in multiple - disciplines so as to enable the students to be optimally equipped to respond to changes to face the challenges to be competitive and dynamic in the current global scenario.

- It enriches your resume, breaking barriers to move up the corporate ladder.
- Personality development & overall grooming.
- In depth analysis of case studies, Faculties with both research & industry background.

Specializations offered

- Marketing
- Finance
- International Business
- Human Resource
- Information Technology
- Business Analytics
- Operations Management

COMPUTER APPLICATIONS

Bachelor's of Computer Applications (BCA)

- 3 Years Course
- LAN connected with AC Lab and Intel i7 computers.
- Creating skill set of growth in Industry
- In depth knowledge of programming language
- Industry oriented training from certified trainers in Python , Dotnet etc.
- Knowledge in key areas of computer science or industrial computing.
- Professional competence in developing software and its design and implementation.
- Developing practical skills to address problems that arise from computer systems and applications.
- Hands-on training in various fields of computers

Labs: NVIDIA-DELL Lab, HP-Ultra 7 Computers Lab, AI Intel® Unnati Lab, ABB Robotic Arm Lab, Apple iOS Lab, AI Cyber Cure, Digital Fab Lab- 3D printing, HP Intel System with latest state of the art i7 13th generation configuration, Panasonic Automation Lab, TCS ION Lab, Data Structure Lab, Software Engineering Lab, Operating System Lab, Software Testing & Validation Lab, Python Lab, IOT Lab, AI Lab, Language Lab

Master's of Computer Applications (MCA)

- 2 year course after graduation.
- Enrich your resume for further growth.
- Certified training in Dotnet, Python, AI, IOT.
- The course provides wide exposure to computerization in the industry in almost every field of Management accounting, financial accounting, budgeting, tally, management, inventory control, supply chain management, billing besides a host of other routine activities for report generation for any organization. WCTM has state-of art computer labs with latest Hardware and Software. All the faculty members are academically very sound and motivate students to develop their skills.
- Integrate and apply efficiently the contemporary IT tools to all computer applications
- Developing practical skills in the field of Application S/W, System Engineering, Networking
- System Development and Databases
- Enable the students to have a holistic & all-around grooming to become a through professional in the field of IT
- Course provide a wide exposure to computerization and invoke the research skill to design, interpret and make inferences from the resulting data

Labs: NVIDIA-DELL Lab, HP-Ultra 7 Computers Lab, AI Intel® Unnati Lab, ABB Robotic Arm Lab, Apple iOS Lab, AI Cyber Cure, Digital Fab Lab- 3D printing, HP Intel System with latest state of the art i7 13th generation configuration, Panasonic Automation Lab, TCS ION Lab, Data Structure Lab, Software Engineering Lab, Operating System Lab, Software Testing & Validation Lab, Python Lab, IOT Lab, AI Lab, Language Lab

LABS

Elaborate set of laboratories

To facilitate the latest information technology and to provide an excellent network, We have established all the labs within our campus for making superb professionals. Every department offers training on front and back end technologies through an elaborate set of laboratories which are fully air conditioned and according to the latest technology.

TRAINING & PLACEMENTS

A bright future ahead

"Grab every opportunity that comes your way.
You Don't know which opportunity can change your life."

The Career Development Cell of WCTM, Gurgaon is an interface between the Industry and Academia to streamline the training and placement related process for students. A strong Industry-Academia Interface is the KEY for the success of Training and Placement Cell. The department works on the development of students including enhancement of technical skills and soft skills from the day one, the students enter the college. It has a regular feature of conducting seminars and webinars on recent technological trends both from National and International Experts. In Order to promote Entrepreneurship, WCTM have started WCTM Entrepreneurship Dialogues where in renowned Entrepreneurs are called and students are made to interact with them to promote startups. In order to make students industry ready CDC Cell provides 40 hrs on Campus industrial trainings to students of each semester. Students are trained on various technologies like C++, .NET, Python, Android, IOT, AWS, Cloud Computing, Artificial Intelligence, Machine Learning, Cyber Security, Robotics, Automation, Digital Marketing, Business Analytics, Advanced Excel, Personality Development, Soft Skills etc.

WCTM has Developed Apple iOS Center of Excellence in college campus for providing short term apple courses to help them withstand competition.

WCTM has Bi annual feature of Conducting Job fairs with the vision to place maximum students

SHRADHA CHAURISHIYA

Assistant Director (Training And Placements)

Ms. Shradha Chaurishiya is a MBA Graduate with overall experience of 16 years into Training and Placement Department. She has worked with leading educational institutes from Delhi- NCR. Her passion for the last one decade had been to bridge the gap between industry and Academia. Her strength is the ability to work as an effective team member in a changing environment that calls for high degree of commitment and interpersonal skills. She had handled all activities of Training and Placement Cell including liaising with the companies from various sectors of industry for summer and final placements. She is an expert in organising On Campus, Off Campus, Pool Campus Drives and Job Fairs. She had also Organized Industrial Visits, Faculty Development Program and Entrepreneurship Development Program. Organizing corporate events like Seminars, Webinars, Workshop Week and Alumni Meet has been her forte.

01

Pre-Placement Talk

We invite companies in our campus to conduct pre-placement talks with the students. These talks give the students an idea about the recruiting organizations and opportunities available within them. It also gives the students a chance to interact with employees of the company and learn more about the work culture. Based on these talks, students decide if they wish to apply in those organizations or not.

02

Resume Submission

The willing students submit their resumes to the company after the presentation or to the placement committee in case the companies wish to have them early prior to their arrival on campus.

03

Shortlisting of Candidates

Based on the student's resume and their academic records, the companies shortlist students and inform in advance to the placement committee. Our placement team helps the students in preparing any type of data or report.

04

Campus Recruitment

Prior to arrival on campus, the companies inform the placement committee about the recruitment procedure to be followed by them, like group discussions, case studies, personal interviews & written tests etc. After the selection process, organizations are requested to announce the list of selected candidates on the campus itself with their appointment letters.

INDUSTRIAL VISITS

Industry Exposure

At WCTM, field trips, excursions and industrial visits are organized throughout the year to give real-life experiences to students. A good blend of theory and practice is maintained thoroughly. Technical as well as non-technical workshops are also undertaken at the campus which gives overview of latest technologies to the students.

INDUSTRIAL VISITS

Industrial visits encourage the students to explore their skills in a better way. To encourage practical learning we take our students on many industry visits that not only stimulates their curiosity but also boosts their confidence. This way they acquire best of knowledge along with real life learning.

INDUSTRIAL VISITS

INDUSTRIAL VISITS

WE EMPHASIZE
ON **ACADEMIC
EXCELLENCE**
RESEARCH &
DISCIPLINE
WITH **CORE
HUMAN VALUES**

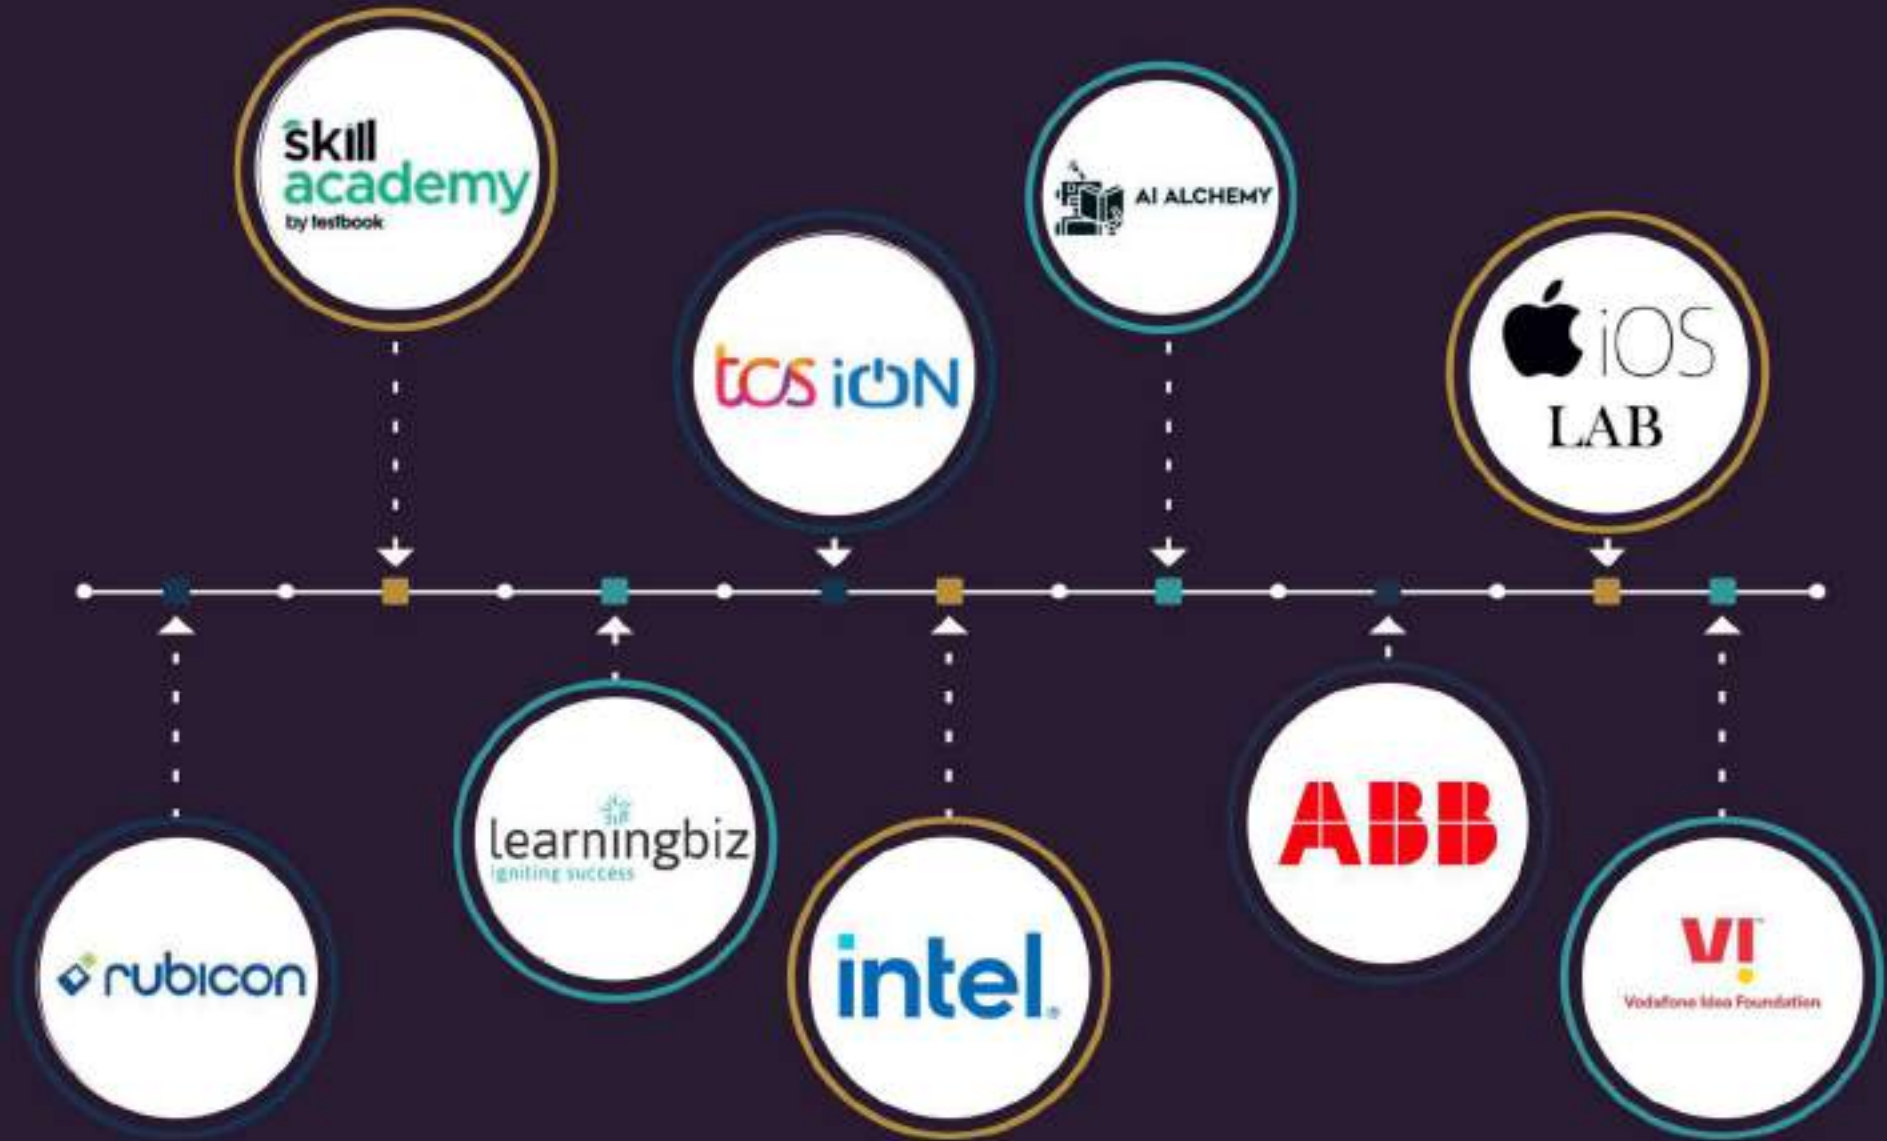

Industry Tie-ups are win-win partnerships for both students and industries. Students get a chance to learn the latest in the chosen field and the industries get a chance to calibrate the young minds according to industry standards. Through its industry tie-ups, WCTM bridges the gap between the training and employment of students.

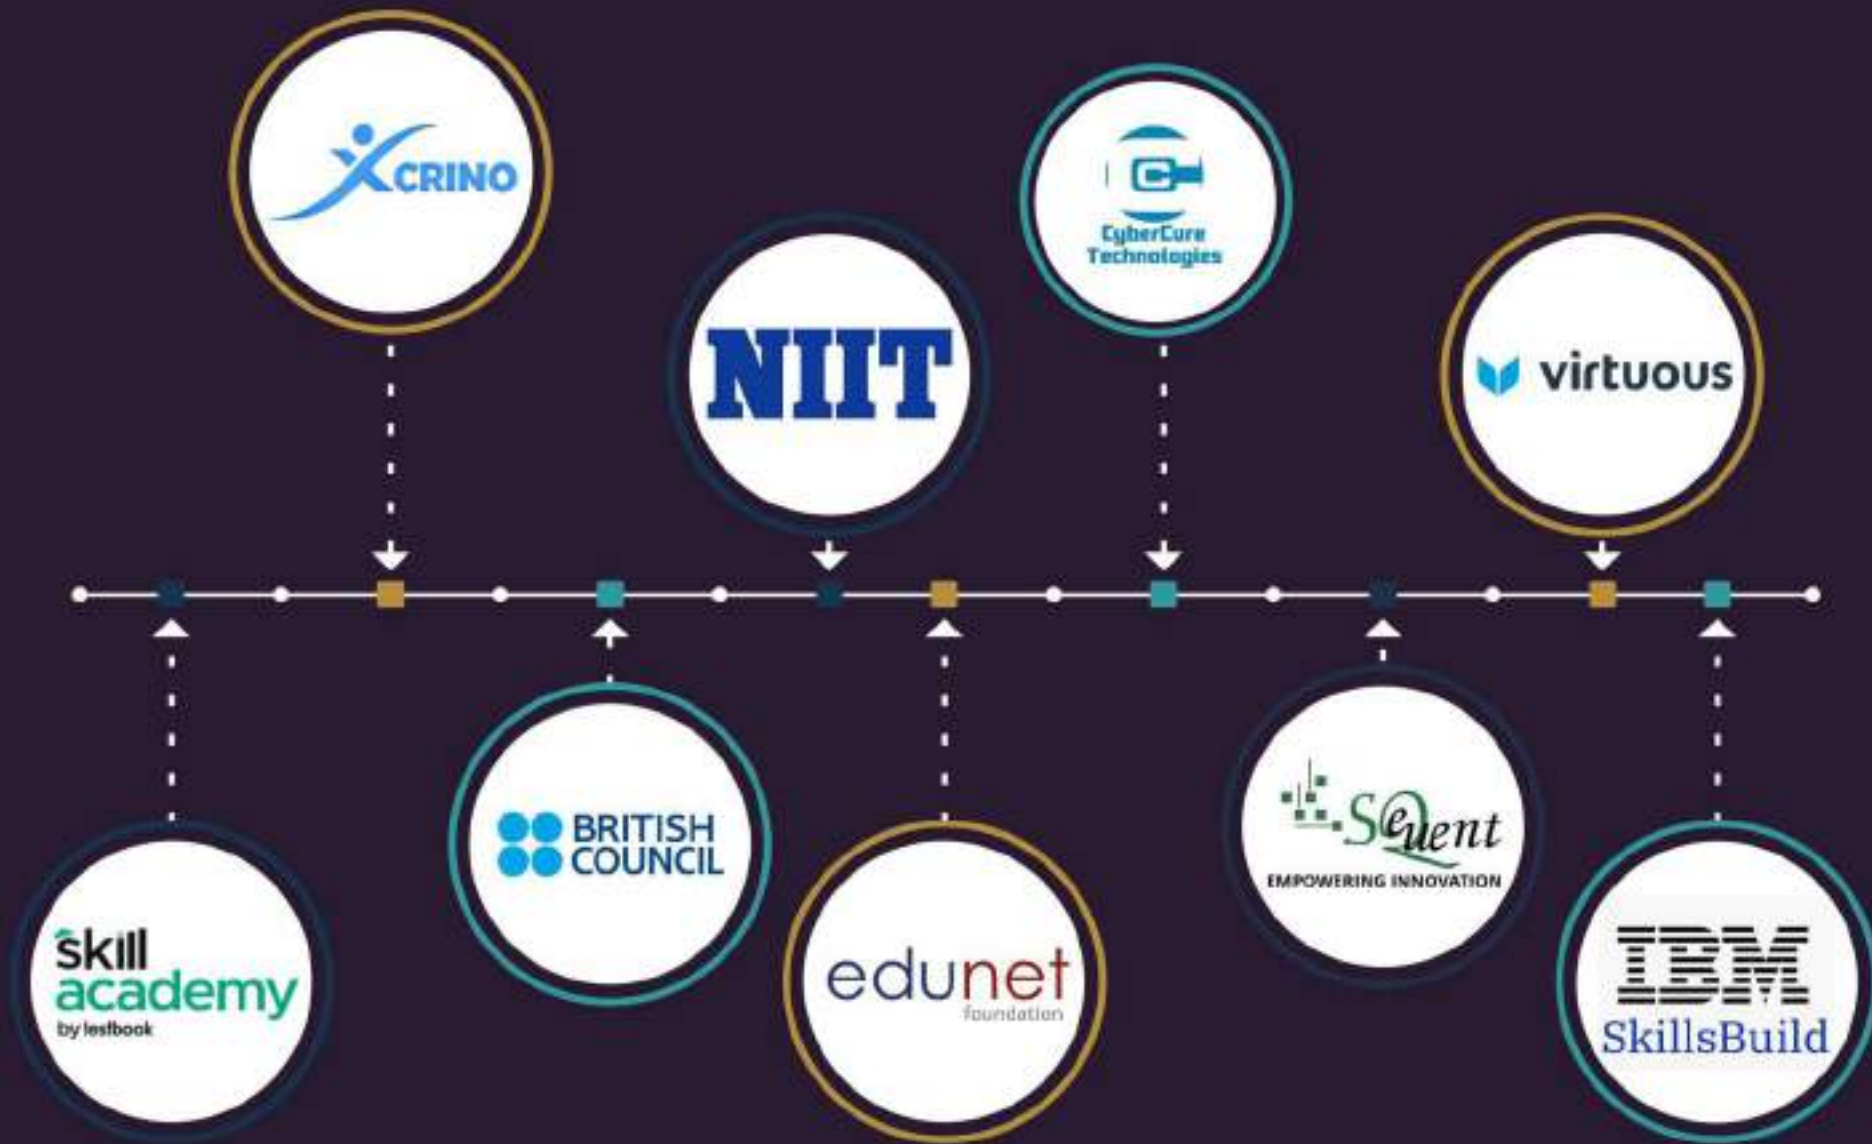

INDUSTRIAL TIE - UPS

HR MEET

HR MEET 100+ COMPANY

HR MEET

Old Dominion University began its tradition of excellence when it was founded in 1930 by the College of William and Mary, the second oldest university in the United States. Established as an extension of William and Mary in Williamsburg, Virginia, and Virginia Polytechnic Institute in Blacksburg, Virginia, Old Dominion began educating teachers and engineers. The two-year school rapidly evolved into a four-year institution, and was granted independence in 1962 as Old Dominion College.

The alumni of Old Dominion University hold eminent positions in corporate sector as well as various sectors of the industry. Starting from aeronautics, engineers, managers to educators, the students are renowned names of the industry.

FRAMEWORK OF COLLABORATION BETWEEN WCTM & ODU

INDUSTRY ORIENTED TRAINING

To match the pace of today's fast evolving world, we strive to prepare our students according to the latest technologies. We organize various in-house training in collaboration with NIIT, wherein the students get to learn new things. Along with NIIT, we organize training like AUTO CAD, STAD PRO and AUTOMATION. All such trainings help the students to prepare their career. It is to enrich their knowledge and enhancing the hands on practical exposure.

Real Life Exposure

The trainings are specially organised for the students to gather an insight about the real world. These trainings will in turn assist them to develop a better understanding and help them gain practical knowledge.

Development of Soft Skills

Much emphasis has been laid on industrial training and acquisition of technical skills. Apart from technical development, these trainings help the students acquire soft skills such as interpersonal skills, team spirit, social grace, business etiquette, negotiation skills and behavioral traits including attitude, motivation & time management

Training by Renowned Mentors

With the market getting more competitive, the industry is looking for professional who are not only qualified but also trained by eminent professionals. We employ very skilled professional trainers and project managers who make the students understand the key aspects of the training.

INDUSTRY ORIENTED TRAINING

FAREWELL PARTY

SPORTS FEST 2K26

SPORTS FEST 2K26

5000+ Students 3200+ Shortlisted Students 100+ Companies on a single day at WCTM, The Biggest Mega Job Fair in Gurgaon.

First edition of Developer's Conference by Microsoft Most Valuable Professionals (MVPs). This conference focuses on Artificial Intelligence, Machine Learning, lock-Chain, IoT, Cognitive Services etc. It incorporated learning and networking on web based applications in different technologies.

FOSTERING
AN ENVIRONMENT
WHERE EVERY
MEMBER
NURTURES
THE SPIRIT OF
TRUST TEAMWORK
& RESPECT

Workshops & Seminars

We organize various educational workshops on latest trends & technologies for our students from different domains. Our training & workshops are job oriented and on demand in industry. We provide them an exposure where we promote hands-on learning. Our interactive workshops provide educators with a unique opportunity to explore topics that prove to be inspiring and enriching for our students.

Guest Lectures by Eminent Speakers

Round the year, guest talks, seminars and workshops are organized at WCTM wherein eminent personalities from the corporate world and renowned institutions are invited to share real life experiences with students. Guest lecture of eminent professors on different subject are a way to boost the students and update their knowledge regularly. Hence, a good blend of theory and practice is experienced by students.

Personality Development

We organize regular personality development classes for our students. Each student has to attend some fixed hours of personality development classes. This process includes boosting one's confidence, improving communication and language speaking abilities, widening one's scope of knowledge and developing fine etiquette and manners.

Conferences

We on regular basis, organize conferences and seminars in the campus. Apart from all this, we also send our students in other colleges, Organizations and Universities etc. to attend various seminars and conferences. The basic idea to let our students have first hand information about the ground realities of industrial environment.

ANNUAL FEST

A week full of enthusiasm

To give a boost of enthusiasm, we organize cultural festivals for our students every year with great fervor. From eminent celebrities performing in the fest every year to various tech fest, we make campus life a fun-filled experience. We provide a great platform to the students to showcase their innate talent and creativity. Fests are a way to build up a network amongst the students which in turn help them to bond better and work together as a unit. This philosophy has been propagated by us.

CONVOCAATION

गूव विद द रिदम में मचेगा धमाल

गुड़गांव | वर्ल्ड कालेज के टैक्नो कल्चरल फेस्ट 2010 इको गूव विद द रिदम में छात्रों ने धमाल मचाने की पूरी तैयारियां कर ली हैं। 10 अप्रैल से शुरू हो रहे दो दिवसीय फेस्ट को लेकर छात्र काफी उत्साहित हैं। संस्था के चेयरमैन डा. नरेंद्र सिंह ने बताया कि टैक्नो कल्चरल फेस्ट कालेज के महत्वपूर्ण आयोजनों में से एक है। 11 अप्रैल को कृषि मंत्री सुखबीर कटारिया छात्रों का उत्साह बढ़ाने के लिए मुख्य अतिथि के तौर पर कालेज कैम्पस पहुंचेंगे। फेस्ट में पंजाबी विख्यात रैप कलाकार बोहिमिया और दहक अपनी कला का प्रदर्शन करेंगे। तकनीकी प्रोग्रामों में क्वीज, प्रोग्रामिंग, लैन गेमिंग, टैक्निकल पेपर प्रजेंटेशन, फोटोशाप डिजाइनिंग, पिक्चरा, फेस पेंटिंग टी टूटलिंग, जंक यार्ड और कई अन्य इवेंट होंगे।

मयंक ने बनाई कस्टम रोमस डिवाइस

गुड़गांव | फर्रुखनगर के वर्ल्ड कालेज ऑफ टेक्नोलॉजी एंड मैनेजमेंट के तीसरे वर्ष के छात्र मयंक ने कस्टम रोमस बनाया है। उसका मतलब है कि वह किसी भी डिवाइस (स्नैपड्रैगन 470 या स्नैपड्रैगन 615 आदि) के लिए कस्टम रोमस बना सकता है। इससे ऑपरेटिंग सिस्टम

संबंधित समस्याएं या मुद्दों को आसानी से हल किया जा सकता है। इसके लिए यूनर्स हमेशा कंपनी के अपडेट पर निर्भर करते हैं, लेकिन इस छात्र की इच्छा शक्ति ने उसे एक ऐसे क्षेत्र में सफलता दिलाई है। जिससे प्रत्येक डिवाइस को यूनर्स को कस्टम रोमस के जरिए समस्याओं को समाधान मिल सकता है। मैनेजिंग ट्यूटर्स कुंवर निरंज सिंह ने बताया कि मयंक बड़ी सफलता हासिल को है।
